

CVIR

SCIENTIFIC WRITING WORKSHOP

CVIR and CVIR Endovascular are back to host another Scientific Writing Workshop, this time in cooperation with AJIR, on the occasion of the PAIRS 2023 congress.

The workshop will address key issues, including:

- improved manuscript structure
- ethics and authorship
- the peer-review process
- promotion of articles
- effective scientific English

AJIR

SCIENTIFIC WRITING WORKSHOP

hosted by CVIR, CVIR Endovascular, and AJIR

Location

Grand Hyatt, Dubai

Riyadh Street, Sheikh Rashid Road, Dubai, United Arab Emirates

Day 1: Friday, February 10, 2023 - Al Dar Meeting Room

Time	Session Title	Speaker(s)
16:00-16:15	Welcome and Introduction Editors-in-Chief Mohammad Arabi (AJIR) and Klaus Hausegger (CVIR) will welcome participants and give them an overview of the program.	Mohammad Arabi (AJIR) and Klaus Hausegger (CVIR)
16:15-17:00	Clinical study publications and the CONSORT Statement Dr. Carpenter will lead this session describing the different formats of clinical studies and the types of publications that can be made from these. Familiarity with the CONSORT statement is essential for authors wishing to publish the results of clinical studies. Attendees will be encouraged to share their own experiences.	John Carpenter
17:00-17:45	International reporting guidelines Dr. Carpenter will build on the previous session and will outline the importance of guidelines, why they exist, and of course, cover the most common ones and why you should be aware of (and follow) them.	John Carpenter
17:45-18:00	Coffee break	-
18:00-18:45	Publications – who does what? CVIR Editor-in-Chief Klaus Hausegger will take on the process of publishing, outlining the many diverse actors and responsibilities throughout, and further outlining the editors' perspective, based on his many years of experience from different stages in the publishing process.	Klaus Hausegger
18:45-19:30	Structuring your manuscript Good structure is critical for scientific communication. Dr. Carpenter will host this session helping attendees to improve their writing structure for increased readability and clarity.	John Carpenter

Day 2: Saturday, February 11, 2023 - Al Maasa Meeting Room

Time	Session Title	Speaker(s)
8:00-8:40	How not to get your manuscript rejected CVIR Regional Editor Refaat Salman will draw on extensive review and editorial experience to give guidance on how to avoid common pitfalls that can lead to negative comments from editors and reviewers by using real-world examples in this practical session.	Refaat Salman
8:40-9:20	How to respond to reviewers CVIR Editor for Embolisation Tiago Bilhim knows a thing or two about peer-reviewing! He will share his wisdom in this session on	Tiago Bilhim

	how to address reviewer comments with both general tips and tricks as well as more detailed advice on submitting your revision.	
9:20-9:50	<p>How to maximize the visibility of your manuscript</p> <p>Once a paper has been accepted, it is critical for authors to understand how to get it in the hands of readers. Editor-in-Chief of AJIR Mohammad Arabi will break down the key strategies, new tools and media for disseminating your scientific research to a wider audience.</p>	Mohammad Arabi
9:50-10:10	Coffee Break	-
10:10-11:00	<p>Writing effective scientific English</p> <p>Dr. Carpenter will suggest valuable ways to make your scientific writing effective. He will share his experience and some of the 'tricks of the trade' that professional medical writers use.</p>	John Carpenter
11:00-11:30	<p>Managing your bibliography</p> <p>A publication is incomplete without a useful bibliography. Dr. Carpenter will describe his own preferences and experience, and attendees will have an opportunity to share their own experiences.</p>	John Carpenter
11:30-12:00	<p>Abstract Writing Session</p> <p>In this practical session, participants will apply the lessons they have learned in the workshop so far and build an abstract from a real manuscript.</p>	John Carpenter
12:00-12:30	<p>Final Q&A and Discussion</p> <p>All the workshop organisers will take part in this concluding session of the two-day workshop.</p> <p>Participants have the opportunity to follow up on any discussions or remaining questions.</p>	All speakers
